

The page is decorated with numerous red paw prints of varying sizes, scattered across the white background. The prints are most concentrated around the central text.

The Cats' meow

By Ione Janski

"Pip, Squeak come here" I shouted.

My two cats would not

come. I went outside and I

saw a bloody trail. I grabbed my

flashlight and I ran as fast as

I could go. It was a cold

misty nite and I shivered in
fear. I followed the blood and
when I turned the corner I saw
my two cats hovering in mid air.
A haunting noise was coming from
them, "meooooooooow". Their bodies
dropped to the ground and

two misty Figures appeared.

From that day on the cat

meows haunted me...
